OUR SYMPATHIES

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. BOY SCOUTS TROOP 2  
HIKE TO PEIRCE CITY

By Paul Corl.

Troop 2 of the Monett Boy Scouts went on a hike to Peirce City Sunday afternoon. They started at 1:30 o'clock from the Railroad Y. M. C. A. Some of the Boy Scouts who are practicing for track ran from the city limits to the Peirce City turn north of Monett. Just after they had gone a little ways a collie pup jumped from a moving truck to Monett and went with them on the hike. The boys adopted the dog as mascot of Troop 2, and named him "Scout."

When they were half way, rain began to fall and they stopped at Bellview school until the rain ceased. They ate their lunch at Peirce City Park and then went to the lime kiln and looked at the machinery, which was very interesting.

Just before leaving the Scouts bought some pies and candy. They left Peirce City one hour before the 6:45 train and reached Monett before it did.

On the way home a study of rocks was made, which was very interesting. Scout Master Rogers brought some of the rocks home to put in his fish bowl. The rocks had many mixed mineral in them and were very brilliant, like the Scouts of Troop 2.

The following Scouts were present on the hike:—Red Holman, Fat Ellis, Kermit Kruger, Arthur Gates, Paul Gates, Arthur Grass, Eugene Smith, Odie Williams, Wayne Russey, Walter Scott, Alfred White, Edmond Planchon, Edward Planchon, Frank Brown, Fred Barclay, Carl Summers, Rhea Richardson, Bill Bradford, Virgil Hendrix, Paul Corl and Scoutmaster Rogers.

Mrs. W. B. Pryor is seriously ill with flu.

Miss Winnie Taylor is ill with flu and not able to be on duty at Armstrong's.

Miss Jessie Bell Wilson returned to her home in Rogers Monday after spending a week with her parents Mr. and Mrs. E. S. Wilson.

## SAVING

Is one of the laws of self-preservation. It throws around us the safeguards of protection. It is hope developed into faith and assurance that will sustain and help us in time of need. There is an impelling force which tells the birds and beasts to prepare for the coming of the winter's storm so that they may be comfortably protected through its severest raging. Why should man, with his greater intellectual faculties and attainments, neglect so important a duty when the privilege and opportunity to save is within his grasp? The Farm and Home idea is to encourage and help people to save. See its representative at 408 Broadway.
